

THE THREE LITTLE WORDS WE ALL
HATE TO HEAR
"I CAN'T SEE!"

GEORGE J. BOURQUE JR BA, ABOM, NCLEC, LDO

Course Objectives

- We will become more comfortable identifying common issues
- We will develop a process for working through common problems
- We will become more confident in determining the cause of the issue!

-
- **What do you do when a patient says I can't see?**
 - **What is your process for evaluating spectacles?**

Process

- Observe
- Question
- Hypothesis
- Test
- Develop a plan

Case Study # 1

OD + 3.25 -0.25 X 090
OS - 0.25 Sphere
Add + 2.50

- What do we observe?
- What questions would we ask?
- What is our idea?
- How would we test it?
- What is our plan?

Case Study # 2

OD - 4.00 - 1.00 X 045
OS - 5.00 - 1.75 X 135
Add + 2.00

- What do we observe?
- What questions would we ask?
- What is our idea?
- How would we test it?
- What is our plan?
