VISION EXPO PUBLIC RELATIONS OPPORTUNITIES

Post press releases on the Vision Expo website via the Exhibitor Dashboard.

Create press kits. To decrease contact, please give press kits to the media office staff. Please note that for health and safety reasons, all physical materials will be handed out by staff members with the proper personal protective equipment (PPE), including gloves, mask, face shield or a plexiglass barrier.

Connect and engage through social media via Twitter, Facebook, YouTube, LinkedIn, and Instagram. Use the official Show hashtag, #VisionExpo.

Market new products for free. Leverage Vision Expo's media outreach, website resources, and Show specials to highlight your product launches.

PUBLIC RELATIONS TOOLKIT

PRESS KIT

A press kit is a package of informational materials that is supplied to the media to give a complete overview of your company. Press Kits can be made available via thumb drive or hosted on your company's website with a simple URL. Please note that for health and safety reasons, all physical materials should be handed out by staff members with the proper personal protective equipment (PPE), including gloves, mask, face shield or a plexiglass barrier.

Press kits typically include:

- Company fact sheet
- Biographies of key executives
- Current press releases
- Images
- Testimonials
- Article reprints

PRESS RELEASE

A press release is a document sent to the media to inform them of your company's recent news (i.e. product launch, show promotion, new partnership, special event)

PRESS RELEASE – MEDIA DISTRIBUTION

- Plan ahead. Publications begin working on their Pre-Show and Show issues at minimum 2-3 months in advance of Vision Expo. Get your news in front of reporters and editors as soon as possible.

Media Lists:

- A list of pre-registered media is available to all exhibitors and is updated on a weekly basis. Please contact Julia Moore at jmoore@thevisioncouncil.org.

- After issuing the press release, make follow-up phone calls to reporters to ensure receipt of the press release and to answer any questions.
