INTRODUCTION

Phoenix International Business Logistics, Inc. (PIBL) has been appointed the Official International Freight Forwarder / U.S. Customs Broker for Vision Expo 2021.

We strive to offer each exhibitor exemplary service in concert with our overseas partners. By using PIBL's international network, your company can derive the following benefits:

- Alleviate potential transport and customs clearance problems and insure your exhibit is delivered on time.
- Increase the efficiency and reliability of the entire transportation process
- By establishing an account with a PIBL overseas agent, all charges for services incurred in the U.S. can be invoiced directly to you through our agent. Otherwise, payment for services must be collected from the exhibitor (or their freight forwarder) prior to the delivery of your shipment to the show site.
- PIBL will coordinate the customs clearance of all inbound freight through U.S. Customs and Border Protection (CPB) and will arrange timely delivery to the show site.
- Our licensed personnel are on-site before, during, and after the show to answer questions about customs clearance and to assist you with the re-exportation of freight after the show closing.

Should you have any questions regarding transportation or U.S. Customs issues, we invite you to contact us.

U.S. CUSTOMS CLEARANCE PROCESS

All shipments arriving in the U.S. require clearance from U.S. Customs prior to release from the port, airport or terminal. In order for PIBL to affect customs clearance on your behalf, you must provide a company name under which PIBL can prepare the customs entry. This company can either be a U.S. resident company or an overseas non-resident company.

What PIBL Needs to Act as Your Customs Broker

- 1. Completed U.S. Customs Power of Attorney Form (available upon request)
- 2. Import Freight Information Sheet (attached) return this by facsimile or email to the PIBL coordinating office. If needed, consult with your freight forwarder on how to complete this form.
- 3. Contact name and phone number

Note: Customs clearance will take approximately 2-3 days. During this time, the freight must remain under customs supervision at the port of entry and under no circumstances can it be delivered to the show site.

About The Power Of Attorney

The PIBL coordinating office must be in possession of your Power of Attorney 48 hours prior to export of seafreight shipments, in order to file the importer security notice with U.S. Customs or immediately upon export of airfreight shipments. It is the exhibitor's responsibility to make available to PIBL all appropriate documentation for customs clearance. Failure to do so may result in late filing fees and surcharges and/or late delivery to the show site.

Blank Power of Attorney forms are available upon request.

Timely Deliveries

Although PIBL will do everything possible to insure all shipments are delivered in time for the show, we cannot be held responsible for late or delayed delivery of shipments due to the exhibitor's failure to follow the provided procedures.

TYPES OF U.S. CUSTOMS ENTRIES

Permanent Entries

Permanent Customs entries are reserved for those Exhibitors who are expecting their freight to permanently remain in the United States. U.S. Duty and other applicable processing fees will apply. Shipments with duty liability of less than \$250.00 are automatically cleared as a permanent entry.

Temporary Entries

High value exhibits imported with the intention to be re-exported after the show can be cleared on a temporary duty free (TIB) entry. TIB entries should only be utilized for exhibits intended for re-export in the same condition and quantity in which they were imported. TIB merchandise entered into the U.S. and not exported is subject to U.S. Customs penalties and fines.

All give-away items, food, beverage, etc., are considered consumables and are therefore unable to be cleared under a temporary entry.

** IMPORTANT NOTE **

It is not recommended that merchandise intended for temporary or permanent entry into the U.S. be packed and shipped together. U.S. Customs will not accept a single customs entry for both permanent and temporary freight. We suggest that such freight be packed and shipped independently under separate commercial invoices and house bill of ladings. Questions on this subject can be forwarded to PIBL or our overseas agents.

Ocean Freight (FCL): East Coast Port May 16,, 2021
Ocean Freight (LCL): East Coast Ports or Orlando CY May 9, 2021
Air Freight: Orlando Airport May 16, 2021

Demurrage, per diem and chassis charges for full containers during the time period between arrival and delivery to showsite must be negotiated with the steamship lines in the country of origin. If arrangements have not been made and confirmed in writing by the steamship lines, PIBL will invoice container and chassis demurrage and per diem charges directly to the overseas Agent or Exhibitor.

Freight arriving after the above dates will be charged additional fees based on services required to ensure timely clearance and delivery of your shipment to the show. It is imperative that the coordinating PIBL office be pre advised of all incoming shipments prior to the freight's arrival in the U.S. If the above deadlines can not be met, please advise our office immediately so we can make arrangements to expedite the customs clearance and delivery of your shipment.

IMPORTER SECURITY FILING (10 + 2)

International exhibitors attending trade shows in the U.S. face federal regulations when importing cargo by ocean freight from overseas. On January 26, 2009 the Import Security Filing (ISF) rule, also known as the 10+2 rule, took effect. International exhibitors who fail to follow the new rule from the U.S. Customs and Border Protection (CBP) are subject to fines and penalties. Under the ISF rule, importers are required to submit 10 items of data about their cargo at least 24 hours before it is loaded aboard a vessel at a foreign port. Two additional data items are required by the carrier as well, resulting in what is known as the 10+2 rule. To comply with the new rule, exhibitors are required to provide PIBL or a PIBL overseas agent the following 10 data elements 48 hours prior to loading at the port of origin.

- 1. Manufacturer (or supplier) name and address
- 2. Seller name and address
- 3. Buyer name and address
- 4. Ship to name and address
- 5. Container stuffing location

- 6. Consolidator name and address
- 7. Importer of record number
- 8. Consignee number
- 9. Country of origin of goods
- 10. Harmonized Tariff Schedule (HTSUS) #

On July 9, 2013, CBP was authorized to begin full enforcement of the ISF regulation. CBP will begin fining Importers for the submission of an inaccurate, incomplete or untimely filing or for failure to file. Violators will be fined \$5,000 per non filed, late filed, inaccurate filing or inaccurate ISF update. Fines will not exceed \$10,000 per ISF. To expedite the process, contact PIBL or a PIBL overseas agent to request an email copy of an easy to use "type and send" ISF form or download it from http://phoenixlogistics.com/ImporterSecurityFiling.pdf

RESTRICTIONS ON WOOD PACKAGING MATERIAL

The United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) has revised its import regulation for wood packaging materials (WPM), 7 CFR § 319. The final rule was effective September 16, 2006 with full enforcement commencing on July 5, 2006.

The regulation restricts the importation of many types of untreated wood articles, including wooden packaging materials such as pallets, crates, boxes, and pieces of wood used to support or brace cargo. The regulations currently refer to these types of wood packaging materials as solid wood packing materials, defined as "wood packing material other than loose wood packing material, used or for use with cargo to prevent damage, including, but not limited to, dunnage, crating, pallets, packing blocks, drums, cases, and skids." Any WPM not meeting the treatment specifications of this rule will be immediately re-exported.

The rule states that regulated wood packaging materials must be marked in a visible location on each article, preferably on at least two opposite sides of the article, with a legible and permanent IPPC mark that indicates that the article meets the new requirements. <u>U.S. Customs is no longer accepting fumigation certificates as proof of fumigation.</u> All fumigated WPM must be stamped with the IPPC stamp.

Should you have any questions regarding the wood packing material used for your exhibit, please consult your local PIBL overseas agent, in house freight forwarder, or packing and crating company. Additional information on this subject can be found on the USDA Website: http://www.aphis.usda.gov/lpa/issues/wpm/wpm.html

XX represents the ISO country code.

000 represents the unique number assigned by the national plant protection organization.

YY represents either HT for heat treatment or MB for methyl bromide fumigation.

U.S. CUSTOMS CONTAINER SEAL REQUIREMENTS

U.S. Customs and Border Protection is reminding shippers and importers that all loaded containers arriving by vessel at a port of entry in the U.S. on or after October 15, 2008, are required by statute (<u>6</u> <u>U.S.C. 944</u>) to be sealed with a seal meeting the <u>ISO/PAS 17712</u> standard.

The ISO/PAS 17712 standard requires that container freight seals meet or exceed certain standards for strength and durability so as to prevent accidental breakage, early deterioration (due to weather conditions, chemical action, etc.) or undetectable tampering under normal usage. ISO/PAS 17712 also requires that each seal be clearly and legibly marked with a unique identification number. If you have any questions regarding seal requirements, please contact PIBL or one of our overseas agents.

FULL CONTAINER OCEAN SHIPMENTS

Containers arriving on the East Coast of the U.S. must be terminated at the U.S. port of arrival, at which point, PIBL will arrange the customs clearance and transfer of the container to Orlando. The U.S. Rail system does not provide direct rail access into Orlando. A marshaling yard has been established for the orderly management and drayage of containers to the show site for unloading. PIBL will arrange for delivery of containers to the marshaling yard for intermediate storage and subsequent delivery to the convention center for unloading. DOOR DELIVERY BY THE STEAMSHIP LINES DIRECTLY TO THE CONVENTION CENTER IS PROHIBITED.

For the purpose of ensuring containers are available for re-export, we ask that you notify Phoenix of any full container return shipments prior to arrival in the U.S.. Availability of containers is limited and booking equipment is required 15 days in advance. If arrangements have not been made and containers are not available for loading on showsite, Exhibitor's freight will be removed from showsite and returned to Phoenix's contracted warehouse. These services will be invoiced to the Exhibitor's account.

LESS THAN CONTAINER LOAD OCEAN SHIPMENTS

If you intend to utilize the services of a sea freight consolidator for your LCL (less than container load shipments), please be aware of the delays associated with utilizing this service. Freight availability and customs delays range from 4 -12 days. Although PIBL cannot reduce the risk of U.S. Customs examinations, we can expedite the clearance process and delivery to showsite.

INTERNATIONAL SMALL PACKAGE SHIPMENTS

Small package shipments are defined as shipments less than 50 kgs. Successful customs clearance and delivery of international small package shipments can be a challenge. To reduce delays, additional expenses and possible non delivery of your shipment, we recommend exhibitors utilize our door to door delivery services. In conjunction with our overseas agents, our staff arranges the transportation from origin, the customs clearance, and the delivery of your small package shipment to the show at a competitive price. Please contact us to discuss the best method for handling your small package shipment.

U.S. CUSTOMS DUTY AND PROCESSING FEES

Merchandise entered into the Commerce of the United States is subject to duty, <u>merchandise processing</u> <u>fees</u> and, if imported via seafreight, a harbor maintenance fee. These duties/taxes will be estimated and invoiced by PIBL in accordance with the description provided on your commercial invoice.

Duty is based on commodity description and rate of duty

Merchandise processing fee $\,$ - .3464~% of FOB value (maximum USD\$ 528.70) Sea & Air

Harbor Maintenance fee - .125% of FOB Value - (No maximum) Seafreight only

Commercial/proforma invoices must include the following information:

- A. Name of Shipper (Exporter or Manufacturer)
- B. Name of Consignee (Exhibiting Company C/O Vision Expo 2021 Orlando, FL
- C. Booth Number

INSURANCE

In our effort to best service our customers, we must inform you that the liability of your freight forwarders, customs broker and contracted carriers, as well as ourselves, is limited to \$50.00 per shipment under the Freight Forwarder/Customs Brokerage Industry's standard terms covering liability for physical loss or damage to your cargo. In the unfortunate event that your goods are damaged or lost while entrusted to PIBL and of our overseas agents or we are determined liable for the damage or loss, our and their liability will be limited to \$50.00 per shipment.

If you do not wish to run this risk, you have two options. You may declare the value of the goods to us prior to shipment and we and our overseas agents will charge you a significantly higher rate for our services, or you may procure insurance on your own, or through us, for the full value of the goods for the time the goods are entrusted to us and/or our overseas agents, including international door-to-door coverage.

Generally, the premium for such insurance is much less than the higher freight rate that you will be charged if you choose the first option, declaring the higher value.

If you or your insurance broker has any concerns that your present coverage does not fully cover the value of your shipment in the event of loss or damage, please feel free to request full coverage of this shipment in writing to PIBL. Through our underwriters, we have the ability to insure your shipment for the value as indicated in your request.

If you do not wish to exercise either option, or if you are satisfied that the insurance coverage you have arranged through others and not through us is sufficient, you are acknowledging the fact that PIBL has not insured your shipment and has advised you of the liability limitation that will otherwise apply.

PROHIBITED COMMODITIES

Certain commodities are prohibited from import into the United States. However, should you find it necessary to import such merchandise, please send it separately and in advance of your primary shipment.

PIBL urges all exhibitors to utilize the transportation services of our overseas partners and affiliates. These offices have familiarized themselves with these Guidelines and are in a position to invoice you directly for all destination and onsite charges.
